SKILLS

General Skills

Python Scikit-learn XGBoost
Apache Spark MongoDB GitHub
SQL PostgreSQL NumPy Pandas
LangChain LangGraph
Hugging Face OpenCV NLTK
FastAPI OpenAPI

Data & AI

TensorFlow PyTorch

Cloud & Infrastructure

Docker

Frontend & Design

React

LANGUAGES

Italian
English

PROFESSIONAL SUMMARY

Proven expertise in AI model development and cloud integration. Skilled in machine learning frameworks, time-series forecasting, and collaborative code management via GitHub. Committed to optimizing AI workflows through strategic technical execution.

PROFESSIONAL EXPERIENCE

Data Scientist | Freelance

Mangini s.r.l.

- Mastered code sharing platforms and Git operations
- Demonstrated ability to resolve complex issues swiftly

Permanent Middle School Teacher | Part-time MIM

EDUCATION

Computer Science | Master's Degree

Università degli studi dell'Insubria

Computer Science | Bachelor's Degree

Università degli Studi dell'Insubria

Modern Literature | Master's Degree

Università degli Studi di Milano

CERTIFICATIONS

Agentic AI

2026/02/23 - 2026/03/01

Deeplearning.ai

Architected autonomous AI workflows using Reflection, Tool Use, Planning, and Multi-Agent Collaboration. Integrated LLMs with web search, SQL databases, and sandboxed code execution. Implemented evaluation frameworks to optimize agent performance, latency, and cost.
